Meeting in Paris Will Ac-  
cept British Plan.Counter Proposals to be Sub-  
mitted to Officials; Object  
to Protectorate.The Egyptian Committee of Four,  
which carried the British plan to the  
Egyptian people and arrived in  
Paris yesterday on its way to London.The leaders have framed a number  
of suggestions and counter-proposals  
which probably will be submitted  
to a high official of the British  
government, who is expected to  
arrive in Paris within the present  
week. It was intimated that the  
official might be Earl Curzon, British  
Foreign Secretary.The chief reservation consists of a  
demand that all references to the  
British protectorate over Egypt be  
eliminated from the Treaty of Versailles  
and all other existing treaties.The Egyptians have agreed to  
present a certain number of British  
troops to remain in Egypt, and have  
agreed to pay indemnities to all  
British and other foreign subjects  
in Egypt who may suffer through  
organization and the advent of inde-  
pendence.Maher Bey, one of the Commit-  
tee of Four, declared that he and  
his colleagues have been back to the  
unanimous approval of fourteen mil-  
lion Egyptian people, "who are  
united to gain complete inde-  
pendence."If the situation continues to be  
as bright as it is at present, Egypt  
will have her complete independence  
within a reasonably short time," he  
added.The only thing that stands in the  
way of complete settlement is the  
refusal of Great Britain to make  
ceder to the world that she no longer  
intends to maintain a protectorate,  
or any suggestion of it, over  
Egypt. All other differences are  
minor and can easily be settled.The complete settlement is the

U A RECORD.Largest by Far in  
Nation's History.Yield for Season More Than  
Three Billion Bushels;  
Gain Ninety Millions.WASHINGTON, Oct. 8.—The 1920  
corn crop is expected to be the largest  
in the history of the country by  
more than 90,000,000 bushels.A yield of 3,216,192,000 bushels  
compared with the previous record  
production of 3,124,746,000 bushels  
in 1912, was forecast today by the  
Department of Agriculture from a  
condition of \$3.1 on October 1. The  
year by practically 300,000,000  
bushels, Kansas, Nebraska and Mis-  
souri will contribute practically all  
of the increase.Warm and dry September weather-  
ing, free from widespread killing  
frosts, aided the maturing of the  
late crop, and during the month  
the prospects for this year were  
boosted by 45,000,000 bushels. The  
fronts near the end of the month  
did little damage and the great bulk  
of the crop is now safe on that  
score, government experts said.Spring wheat is threatening out-  
crop poorer than had been forecast be-  
cause of damage, principally from  
rust, had proved greater than an-  
ticipated. The yield was estimated  
at 13,000,000 bushels less than was  
forecast a month ago, and spring  
wheat yield to 750,000,000  
bushels, about 120,000,000 bushels  
below the big crop of last year.Threshing of oats confirms the  
earlier forecast, the indicated yield  
being 1,444,722,000 bushels, almost  
300,000,000 bushels more than last  
year's yield.Although the tobacco crop  
showed a loss during September of  
75,000,000 pounds in the expected  
yield, the forecast of 1,478,784,000  
pounds is 49,000,000 pounds larger  
than last year's production.A bountiful crop of white pota-  
toes also was forecast, the yield be-  
ing 1,444,722,000 bushels, almost  
an increase of 2,052,000 bushels  
since September 1.Production forecast of important crops

(Continued on Second Page.)PRO-LEAGUE RALLY IN BOSTON  
PROVES TO BE LIVELY SESSION.BOSTON, Oct. 8.—A pro-League rally here tonight developed  
into one of the liveliest meetings of the political campaign. The  
audience, made up of about evenly of men and women, shouted its ap-  
proval at every reference to the League of Nations, but occasionally  
split on party lines.The names of Roosevelt, Parker, Taft and President Wilson and  
Senator Lodge evoked prolonged demonstrations. A disclaimer round  
a cheer for Harding and Coolidge, but a subsequent attempt to start  
a second demonstration for the Republican candidates was drowned  
in hisses.Charles W. Eliot, president emeritus of Harvard, who acted as  
chairman, said that the pro-League independence, made up of Re-  
publicans, Democrats and Independents, had been organized to put  
into the hands of every voter the means of determining that the  
partisan objections commonly made against the League covenant by  
certain Republican and Democratic leaders were without founda-  
tion.The group of Senators who defeated the League in the Sen-  
ate, and a part of the press, have gravely misrepresented the cov-  
enant," he said, "and attributed to it provisions that no candid, in-  
telligent-minded man can find in it."Secretary Baker, interrupted by a question as to what the League  
could do for Ireland, replied:  
"That seems to me to be a domestic question for Great Britain. I  
do not see how anything can be done under the League. But cer-  
tainly nothing can be done outside the League, while it is possible  
that within the League the problem of Ireland would receive con-  
sideration."The group of Senators who defeated the League in the Sen-

Long for Freedom of Country  
They Once Sought to DestroyLONDON, Oct. 8.—Emma Goldman and Alexander Berkman both want to  
return to the United States, according to Boris Sokoloff, former professor of biol-  
ogy in Petrograd University and well known as a Socialist writer, who has just  
arrived in England.There are 240 of the passengers of the soviet ark Buford  
who were sent away from the United States last December in  
Petrograd and 239 of them want to return, was part of Berk-  
man's comment on present life conditions in soviet Russia when  
I walked with him in Petrograd a few weeks ago," M. Sokoloff  
told the Associated Press this afternoon.Within a month I am going to  
New York, where I have been in-  
vited to report to the American  
workers my observations," said  
Sokoloff. "I did not want to leave  
Russia because great events are  
ripening there and discontent with  
the soviet government is growing  
more and more."The workmen and peasant indices  
have completely withdrawn from the  
Molotovsk and serious trouble is ex-  
pected in Moscow and Petrograd.  
One need not mention that there is  
no Communism or Socialism in Rus-  
sia. My opinion is that the process  
of the Russian Revolution is in its  
class a nearly finished and that Rus-  
sia will soon follow the example of  
France by overthrowing its tyrants.The economic and commercial  
position of the workers is very bad.  
The average wage of the Petrograd  
workman, ration premium included,  
equals one-fifth part of his earn-  
ings in 1917. He receives about one-  
eighth the normal quantity of food  
in other words he is in a chronic  
state of semistarvation. Because  
there are no goods available for ex-  
port and owing to the disruption of  
transport, a renewal of commerce  
with the outside world will be im-  
possible for two years."Emma Goldman and Berkman and  
the other persons deported from the  
United States are living comfortably  
without working, according to M.  
Sokoloff.  
Sokoloff returned to Russia nine

FILLED WITH  
SLUSH ICE.Navigation Impeded; Ships  
Are Reported to be Frozen  
in at Rampart.JUNEAU (Alaska) Oct. 8.—Out-  
bound passengers on the Yukon  
River steamer Seattle Three, frozen  
in at Rampart, Alaska, may have  
to make the 375-mile journey to  
Fairbanks overland over rough  
mountain trails, if efforts to trans-  
port them by water fail, according  
to reports reaching here today.  
Among the passengers, it is believed,  
are a number of women and chil-  
dren.Oldtime sour doughs here say the  
trip will be almost impossible be-  
fore November, when it is expected  
there will be sufficient snow for  
skidding.Two steamers, the Alaska, and  
Tahome, both carrying passengers,  
are reported frozen in at Tanana,  
but are trying to break a way  
through the slush ice to take off  
passengers of the Seattle Three. If  
the passengers can be brought to  
Tanana, it is believed it will be pos-  
sible to make the trip to Fairbanks  
in launch and chug over the trail  
to the coast. Most of them are  
bound for the States. Food supplies  
are said to be available at both  
Rampart and Tanana.Premature formation of slush ice  
on the Yukon has greatly hampered  
navigation, and all boats of the  
American-Yukon Navigation Com-  
pany below Dawson are reported to  
be stuck in the ice. Two steamers,  
the Washburn and the Kasatka,  
fighting their way up the river,  
passed Circle, but failed to reach  
Sligo, the next point of communi-  
cation.Their whereabouts is unde-  
termined. Conditions were reported  
much worse than last season, when  
two boats, after fighting the ice,  
finally went through to Dawson. The  
situation is complicated by extreme-  
ly low water.At least one of the underworld  
higher-ups, a generalissimo of bun-  
ko operators, has established him-  
self in palatial quarters in Los An-  
geles as a forerunner of a campaign  
planned by confidence men for looting  
Southern California, declared  
Acting Chief of Police Murray yester-  
day in announcing that plans are  
being made for checking operations  
of swindlers before they get under  
way this winter.Information has reached this of-  
fice from more than a score of ear-  
ly cities that crooks of all kinds  
expect to make Los Angeles their  
Mecca this year," he said. "We have  
made a nationwide investigation  
for the purpose of learning the  
movements of high-class confidence  
men, and have been informed that  
a number are already on their way  
to the Coast."The impression has gone abroad,  
Capt. Murray intimated, that the cit-  
y is unprotected, an impression he be-  
lieves based upon adverse criticism  
of the police department.  
"There is not a known confidence  
man or pickpocket in the United  
States who is not being watched,"  
he said. "We are determined to  
make this city safe for our visitors.  
Lack of men has hampered the de-  
partment in dealing with the crim-  
inal element which hovers here dur-  
ing the cold months. I believe the  
Mayor, the Police Commission and  
the City Council realize the gravity  
of the situation and will take steps  
to increase the force."The American's Creed—for You and Me  
NOBLESSE OBLIGE  
By John Strong.  
FUNDAMENTALS.  
I.—The American Soul First.  
II.—The American Obligation, second.  
III.—Efficiency in the functioning of the American Soul, before material efficiency.  
IV.—A universal American Nobility was created on the American continent when equality of birth was proclaimed by the Declaration of Independence, and equality of rights, privileges and opportunity was guaranteed by the American Constitution—title, "Citizen, U.S.A."Therefore, NOBLESSE OBLIGE—Nobility obligates noble living—is the natural American obligation.

Russian Communists Fail to Agree, De-  
clares Member of Executive Body.WASHINGTON, Oct. 8.—Existence of friction among elements of the  
Communist party in Russia was admitted by M. Zinoviet, member of the  
central executive committee of the party, at the all-Russian conference  
of the body just held at Petrograd, according to dispatches today received  
by the Associated Press.Poverty, lack of food and the  
military situation were given by  
Zinoviet as the chief causes of dis-  
affection.  
According to the reports, Zinoviet  
was alarmed by the growing ten-  
dency toward bureaucracy among the  
soviets.Other dispatches to the depart-  
ment today said reports in Warsaw  
indicated serious disturbances of an  
anti-Bolshevik character in the  
Ukraine. The army of Gen. Pav-  
lenko, which crossed the Siret  
about September 27, and later  
recently reported to be near Winnica,  
has pushed on into the interior.BRITISH THREATEN RUSSIA.  
LONDON, Oct. 8.—Great Britain  
has threatened to take "certain ac-  
tions" against soviet Russia if steps  
are not taken by October 10 for the  
release of British prisoners held by  
the Bolsheviks, says the Herald, or-  
gan of labor, which this morning  
prints what reports to later con-  
flict with those of the Herald of  
notes exchanged by the British  
and soviet governments.Leonid Krasin, head of the Rus-  
sian Bolshevik trade mission here,  
has replied on behalf of the Bol-  
shevik regime that it will promise  
to fulfill the conditions required by  
Great Britain, but has insisted on  
release of her part of the bargain  
made last July for the mutual re-  
lease of all prisoners and cessation  
of all hostilities.HITS AMERICAN CONFLICT.  
LIANDUINO (Wales) Oct. 8.—  
Premier Lloyd George in a political  
speech today declared that "the con-  
flict of parties in America has led  
to the result that they have not yet  
signed a treaty of peace with Ger-  
many." He asserted that if there  
had been a conflict like that in Great  
Britain the latter would have had  
this war.The conflict of parties in America has

ENTHRONED  
IN CITY?Leader of Buncoists Said to  
be Preparing Way for the  
Looting of Southland.At least one of the underworld  
higher-ups, a generalissimo of bun-  
ko operators, has established him-  
self in palatial quarters in Los An-  
geles as a forerunner of a campaign  
planned by confidence men for looting  
Southern California, declared  
Acting Chief of Police Murray yester-  
day in announcing that plans are  
being made for checking operations  
of swindlers before they get under  
way this winter.Information has reached this of-  
fice from more than a score of ear-  
ly cities that crooks of all kinds  
expect to make Los Angeles their  
Mecca this year," he said. "We have  
made a nationwide investigation  
for the purpose of learning the  
movements of high-class confidence  
men, and have been informed that  
a number are already on their way  
to the Coast."The impression has gone abroad,  
Capt. Murray intimated, that the cit-  
y is unprotected, an impression he be-  
lieves based upon adverse criticism  
of the police department.  
"There is not a known confidence  
man or pickpocket in the United  
States who is not being watched,"  
he said. "We are determined to  
make this city safe for our visitors.  
Lack of men has hampered the de-  
partment in dealing with the crim-  
inal element which hovers here dur-  
ing the cold months. I believe the  
Mayor, the Police Commission and  
the City Council realize the gravity  
of the situation and will take steps  
to increase the force."The conflict of parties in America has  
led to the result that they have not yet  
signed a treaty of peace with Ger-  
many." He asserted that if there

**Look Out for Rheumatism  
As Winter Approaches**

If you have had the disease for, blood cannot be reached by local

length of time you have doubtless resorted to the misleading treatment of liniments and lotions, an effort to get relief from the torturing pains. But you want relief, and the only relief you want to be freed from the shackles of a disease that will bind you in hand and foot.

So many cases of Rheumatism come from a thry disease germ that attacks the blood, that physicians are beginning to realize that the source of the disease is becoming more prevalent. Of course a disease that has its source in the blood can be cured.

One remedy that has given splendid results in the treatment of Rheumatism is S. S. S., the fine old blood remedy that has been sold by druggists for more than fifty years. It is the only remedy that attacks the blood the disease germs that cause the Rheumatism, thus, affording real relief.

Begin taking S. S. S. today and if you will write a complete history of your case to the medical director will give you expert advice, without charge. Address Chief Medical Advisor, 335 Swift Laboratory, Atlanta, Ga.—(Advertisement.)

**ALAN FUNERAL IN OHIO.**

The Eastern Banker's Body will Not be Brought to Western Home.

The funeral of A. B. Taylor of Los Angeles, a retired eastern banker, who had lived here for several years,

will be held at his former home in Lodi, O.

Mr. Taylor died last Thursday morning at Kansas City, Mo., where he had been confined for some time by a stroke of apoplexy. At the time of his death Mr. Taylor was on his way to Los Angeles after his trip to visit relatives on the East.

He was a prominent member of the Temple Baptist Church here.

**GARDENA WINN.**

MORE TROUBLES  
IN LONG BEACH.Commission Charged With  
Rank Inefficiency.Cement Contractors Insist on  
Change.Object to Candy and Soda  
Men as Inspectors.

(LOCAL CORRESPONDENCE.)

LONG BEACH, Oct. 8.—Adding to the general upheaval experienced in municipal circles here during the past few days, including the suspension of Detective Ben W. McLeod from the police department and the resignation of Charles B. Mulhally from the presidency of the Chamber of Commerce, rank inefficiency in the department of the Board of Public Works was charged in a letter received by the City Commissioners today from the Cement Contractors' Association of Long Beach.

Long Beach cement contractors charge that cement inspectors employed by the city are incompetent and unfair. It is also alleged that the crew of municipal cement inspectors is made up of former shoemakers, candy men, cigar dealers and others who have never had any experience in cement work and who, therefore, are not qualified for the job. It is also alleged that certain assistant building inspectors in the employ of the Board of Public Works never saw the inside of a building under construction until they were appointed to their present positions and that the work of one in particular, who is said to have never had any construction experience, has had to be done over time and again because of costly errors to the municipality.

Following the receipt of the second communication from the cement contractors, the city solons decided to investigate the allegation that the inspectors in the department of public works need "weeding out."

After today's communication had been read, Mayor William T. Lisenby stated that if true the charges meant that there had been "rank incompetence" and rank insubordination by city inspectors.

"We, the cement contractors of Long Beach, wish to enter a complaint on the inefficient, incompetent and unqualified inspectors that are sent out to inspect work to be done by us," declares one of the communications received by the commissioners.

"The cement contractors of Long Beach are with few exceptions, men

who have had years of experience in the work. This being the case, we feel that we have a perfect right to object to having candy men, cigar and soda clerks, shoemakers and tailors sent out to oversee us and exact impossible and unreasonable things of us, which they have in the past."

Every inspector should be examined by the City Engineer as to his competency, the communication said.

Among the assertions in the letter were that inspectors arbitrarily change specifications, that contractors and property owners have paid twice for water used in street work, and that in at least one instance a contractor was forced to use seven sacks of cement in laying the last ten feet of a sidewalk because the prescribed total amount of cement had not been used in the contract. It was asserted that the charges will be followed by sworn statements if requested.

SANTA MONICA TO  
HONOR HERO DEAD.CITY PAYS HOMAGE TO SOLDIER  
KILLED WHILE EN-  
GAGED IN RESCUE WORK.

(LOCAL CORRESPONDENCE.)

SANTA MONICA, Oct. 8.—In order that the city of Santa Monica as well as the American Legion may have the opportunity of honoring Delbert Ingelhart, a military funeral will be held when his body arrives here from Scotland late next week.

Ingelhart, aged 23, son of Mr. and Mrs. Harry Ingelhart of 2121 Ocean Avenue, Ocean Park, was killed Feb. 5, 1918, when the transport Tascana went down in the channel between Scotland and Ireland. Ingelhart was to have served in France with the One Hundred Fifty-eighth Aero Squadron.

The body, which has rested on the coast of the island of Islay for two weeks, will lie in state in the undertaking establishment of Todd & Co. until arrangements are completed for the impressive military cortege and service.

The Ingelhart family is in receipt of a certificate honoring the bravery of their son, by President Polk of France, and of a like certificate from the American government.

Ingelhart, according to his commanding officer, was dashed against the pitiless rocks of Scotland's coast, after he had taken several drowning men into his lifeboat, and was crushed to death.

PAINT INITIALS ON  
SCHOOL BUILDINGS.

(LOCAL CORRESPONDENCE.)

SANTA MONICA, Oct. 8.—Relations between the Venice and Santa Monica high schools will be severed after the league football game tomorrow, until it is ascertained who decorated Venice High School building last night with Santa Monica's insignia, "E. M. H. S." in non-removable black.

Excitement ran high at both schools this morning, when Principal W. F. Barnum of Santa Monica declared that the same would "be called off" tomorrow. He changed his decision later, however, at the earnest request of Principal E. Holden of Venice.

It is rumored this afternoon that a crowd of men and boys, not members of either school, are responsible for the "joke," in which case the matter will come under the authority of the police.

Two years ago Venice High was painted with Santa Monica's colors, Santa Monica boys were forced to make an apology to the Venice student body.

BRAWLEY SCENE OF  
DEVASTATING BLAZE.FIRE IN ICE PLANT RESULTS IN  
ESTIMATED DAMAGE  
OF \$200,000.

(EXCLUSIVE DISPATCH.)

BRAWLEY, Oct. 8.—Immediate rebuilding of larger and better ice sheds and storage rooms was announced here late today by officials of the Imperial Ice and Development Company and the Southern Pacific Railroad, following today's disastrous fire, which caused damage estimated at \$200,000 to the ice plant, cantaloupe and lettuce ice sheds and railway cars in the Southern Pacific yards.

More than 500 feet of icing platform were destroyed. Five thousands tons of ice in the ice plant were melted or rendered useless and the concrete storage house was gutted by the flames.

The cars standing on the tracks were reduced to twisted metal and shrapnel, including three cars loaded with coals. Scores of additional cars were shut out of safety by stopping use of the Imperial Valley passenger trains and using the engine and crew to move the freight cars out of the danger zone.

The origin of the fire is a mystery, there being several causes advanced. One rumor that an oil tank exploded has remained unverified and the generally accepted cause is that it started in one of the box cars and spread rapidly. A clogged "dead end" in a four-inch water main was given today as the reason by the Brawley fire department. Chief why no water was thrown on the flames for more than an hour after the water was turned on. A

call for help to El Centro brought the El Centro fire department and Mayor Ohmsted of the southern city north to Brawley at once and both departments battled the flames after water was secured. The spectacular blaze brought visitors from miles around and at one time the entire city was threatened.

## TALK LYNCHING.

Residents of Anaheim Exacted Over  
Recent Crimes.

(EXCLUSIVE DISPATCH.)  
SANTA ANA, Oct. 8.—Every available office was enlisted in a search today for the assailant of Miss Florence Hammel, 17, pretty Anaheim girl, who, it is alleged, was robbed and beaten into insensibility by an unknown assailant last night. The incident occurred early in the evening as Miss Hammel was on her way home.

The young woman says she was attacked by a man believed to be a Mexican, and recovered consciousness twenty-five minutes after the attack. She then went to the home of her uncle, Charles Trudeau, where she is living, and a posse of officers was immediately summoned. Although they worked until after midnight they were unable to find any trace of the man.

A handkerchief with which the girl was gagged is the only clue in possession of the officers. Similar cases have been reported in the vicinity of Anaheim in recent months and threats of lynching, if the girl's assailant is arrested, were heard about the town today.

COMERS TO TALK POLITICS.

WASHINGTON, Oct. 8.—The address of Samuel Gompers before the bookbinders' convention in Baltimore next Tuesday night will be political in character, it was announced at American Federation of Labor headquarters today.

## CITY TAKES PLANT.

Redlands to Sell Gas to Resident  
Consumers.

(LOCAL CORRESPONDENCE.)

REDLANDS, Oct. 8.—The city of Redlands will take over the plant of the Citrus Belt Gas Company and operate it for one year as an experiment. The operation will be subject to the bonded indebtedness of \$200,000, but not assuming those bonds. If the city can make enough money to pay interest on the bonds, it will be paid, if not then the bondholders will go hungry.

This was a decision reached by the bondholders and the City Trustees in a meeting today. The city, it is believed, will be able to give the best of service and to do it cheaper than the company can do. The credit of the company is in such a state that it cannot get oil, but the city with unlimited credit can get a better grade, can save in taxes and in other ways.

It is estimated that it will cost from \$6000 to \$8000 to put the plant in good shape and to install meters. There are now 485 meters here that are broken and the consumers are paying only the minimum.

PEACH SEASON ENDS.

(EXCLUSIVE DISPATCH.)

POMONA, Oct. 8.—Today marked the end of the peach canning season in Pomona. R. E. Page, manager of the Sunset Cannery, said that his company canned more than 2000 tons of peaches this year. The crop was much lighter than usual, but owing to the high prices paid, the grower's receipts were practically as high as last year when the crop was much larger, but the price lower. The two local companies are now putting up tomatoes and will continue to operate until frost ends the crop. The tomato market, according to Mr. Page is demoralized, several canneries throughout the State being closed down.

Wage Increases  
for City Await  
Court Tax Move.

Pending the handing down of a favorable decision by the Supreme Court on the constitutionality of the occupational or business tax, the Council yesterday went on record as opposed to granting any increase in salaries of city employees. If the court holds the tax unconstitutional, then the city faces the loss during the present fiscal year of \$1,600,000 income from the tax and the possibility of having to refund nearly a million dollars additional collected since the tax was first levied.

Wholesale discharges of city employees and general reduction in city expenses, the Councilmen say, will result from an adverse decision of the court. One of the charter amendments which comes before the voters at the November election proposes to remove the one-dollar limit on the taxing power of the city, and if this amendment carries, the income from the tax will not be needed, but in the meantime the Councilmen have stated their policy of not increasing the expenses of the city.

LABOR OPPOSES JAPS.

(BY A. F. NIGHT WIRE.)

FRESNO, Oct. 8.—After hearing the plea of 10,000 Japanese farmers of California, transmitted through President Samuel Gompers of the American Federation of Labor, the twenty-first annual convention of the California Federation of Labor here today unanimously adopted a resolution favoring amendment No. 1 relative to the Japanese question on the November ballot. The action was taken without debate.

Amendment No. 1, which is an initiative measure on the ballot at the national election November 2, is known as the anti-Japan law.

The association is prepared to put pressure behind its plans, and is giving its members a promise of protection.

RAISE BAIL IN TRAFFIC CASES.

**Police Judges Confer Over New Schedule for Use When City's Posted.**  
Bail required of persons charged with violating traffic laws here probably will be doubled as soon as the city's streets are posted under the State Motor Vehicle Act. Police judges conferred about this step yesterday at the City Hall and heard a plea from Police Captain McDowell, in charge of the traffic squad, for increase of punishment of speeders and other law violators. The schedule of bail bonds to be required of persons accused of traffic law violations probably will be raised as follows: For reckless driving, from \$25 to \$50; for cutting corners, from \$10 to \$20; for running car with muffler open, from \$5 to \$10; for disputing right-of-way, from \$5 to \$25. The officials would welcome a new test case for a rehearing which might reverse the Supreme Court decision giving precedence to the state law over city traffic regulations. This convention will be, for real estate men and really dealers, the most important gathering of its kind ever held in the West. It will have a marked effect on the growth of the big Coast and river cities through which these districts ship their products.

NEWS ITEM

Washington dispatch quotes Dept. of Labor as saying that U. S. is now \$2,000,000,000 in debt. It also says that building materials are dropping and still to be 119% above pre-war level.

THE RAIL MARKET

The true measure by which to judge the comparative present value of rail securities is the average price prevailing in the market. The fact that the price of rail securities is now at a low level, and that the price of the securities of the railroads of the United States is now at a low level, is a fact which is not to be overlooked.

Refunding Necessary

Refunding of the Liberty Loans at maturity will probably be necessary, according to the National Bank of Commerce in New York. In the current issue of its magazine, Commerce Monthly, the bank points out that this is indicated by the relatively early period within which the bulk of the public debt falls due, together with the demand for tax reduction and the uncertainty as to repayment of the advance made to the Allied governments.

In discussing the relation of taxation to debt reduction, the bank says: "It should be observed that the marked trend of American fiscal policy toward direct taxation of the individual has been a factor within the past decade reduced the probability of rapid debt payment. After the Civil War, while a high tariff was in effect, the government was able to raise up huge surpluses in the treasury, debt payment was then indirectly facilitated by the means of returning to the treasury money then locked up in circulation. Because the tax burden was then only indirectly felt, the government was able to pay off its debt without the necessity of a general increase in the tax rate."

WALNUT PRICES BREAK.  
Six weeks ago this department predicted that the new walnut prices, when they were established, would be in the neighborhood of 25 cents. Yesterday the California Walnut Growers' Association did even better than was predicted and fixed the opening price at 25 cents for Diamond brand No. 1, 14 1/2 cents for Diamond No. 2, 2 1/2 cents for diamond bunched and 2 1/2 cents for standard bunched. These prices are wholesale f.o.b. are expected by officers of the association to move the market with considerable dispatch.

About 40,000,000 pounds of nuts will be harvested, at a return to the growers of around \$12,000,000. By products will result in the recovery of at least another \$1,000,000. The nuts are of good quality and will be a good crop for the year.

DAILY TRADE TALK

With Sight Draft Attached; Refunding Our War Loan; Walnuts Cheaper.

When prices go down buying is retarded. This is an elementary rule of trade. The consumer who figures that he will be able to supply his requirements at a lower price a month hence is not likely to enter the current market except for his immediate needs. For this reason the sooner the bottom of the present decline is reached the better for all concerned.

One phase of the readjustment which is now going on is likely to prove embarrassing for the hand-to-mouth trader who depended largely upon excess profits to finance his purchases, and as a matter of fact there are at the present time several hundred carloads of supplies in bond in Los Angeles warehouses awaiting release, literally eating their heads off, if a mixed metaphor may be applied.

Except for well-established customers, the banks are not displaying undue enthusiasm over the opportunity frequently afforded to release commodities shipped with sight draft attached to the bill of lading, and a good deal of more or less frenzied finance is being indulged in right now for some consignees.

This is not a condition peculiar to Los Angeles, but is one which exists generally throughout the country, and it is probable that the millions of dollars are temporarily tied up in this way. Fortunately, the financial condition of the country is strong enough to assimilate individual instances of poor judgment, and a situation which in another year, and under favorable checks might have led to the danger line now displays no such tendencies.

A few are going to be hurt. "You can't make an omelet without breaking some eggs" is the way one expert puts it, and some of the material accumulated under a mistaken idea of the absorption power of the market is likely to be available at bargain prices.

On the whole, however, this condition is to be looked upon only as symptomatic, and the alarmist reports which are occasionally heard need not be taken too seriously.

William Riddle, alias William Pahn, indicted in New York for the theft of \$10,850 worth of jewelry from Georgia Y. MacLennan last December 8, was arraigned yesterday before Justice Hinshaw on a fugitive warrant. A writ of habeas corpus was granted out on behalf of the defendant, as dismissed by Judge Willis and Riddle was remanded to custody.

It is charged he stole four diamonds, a ring, a bracelet, a watch, a brooch, a pendant and other jewelry. He was committed to the City Jail pending extradition proceedings. Judge he said he will resist. Bail was set at \$10,000 and hearing was set for the 29th inst.

Well worth an early  
all your boy needs.

Truly a sensation of the event—185 garments—all made of good, serviceable domestic flannel—one-piece style, with drop seat. Sizes 1 to 8.
